WHAT WE OFFER...

Working with you and your team we can offer a tailor made mattress decontamination service that meets your needs whether you are a large NHS hospital or an individual nursing home.

Our service complies with all infection control regulations and manufacturer guidelines. This ensures that once treated your equipment is safer for both your patients and care staff to use.

We process over a quarter of a million items of healthcare equipment each year which means we know how to deliver the service you expect.

WHAT THIS MEANS TO YOU

With the increasing need to reduce costs but maintain standards the use of an outsourced service provider makes sense.

Here are just a few reasons why

- ◆ No need for you to acquire and maintain expensive equipment
- ◆ No need for you to employ and train staff
- ◆ A fixed price service tailored to your current requirements
- ◆ The reassurance of having an oncall response to major incidents

WHAT WE DO...

- ◆ Make regular collections and track assets
- ◆ Treat Mattress / Pump in our HPV Decontamination Chamber
- ◆ Disassemble, clean and disinfect all components
- ◆ Dry covers according to manufacturers guidelines
- ◆ Check covers for damage
- ◆ Check air cells for punctures
- ◆ Test to ensure pathogen eradication
- ◆ Issue a full test report and certificate
- ◆ Return equipment in a decontaminated vehicle

Our standard turn-around time is just 48 hours

OPTIONAL SERVICES

- ◆ Premium 24 hour turn-around service for emergencies
- ◆ Product repair, maintenance and servicing available on request
